# Create or search for a journey

Click on your unique business link to register or go to [joinmyjourney.org.uk](https://joinmyjourney.org.uk) and complete the registration process.

- Click on **Journey** tab at the top

- You can then **Add a journey** to create a journey you can share with someone. You will need to decide if this is a walking cycling or car journey.
- Varying journeys can be created for different days or times.

Journey details Publicly visible ?

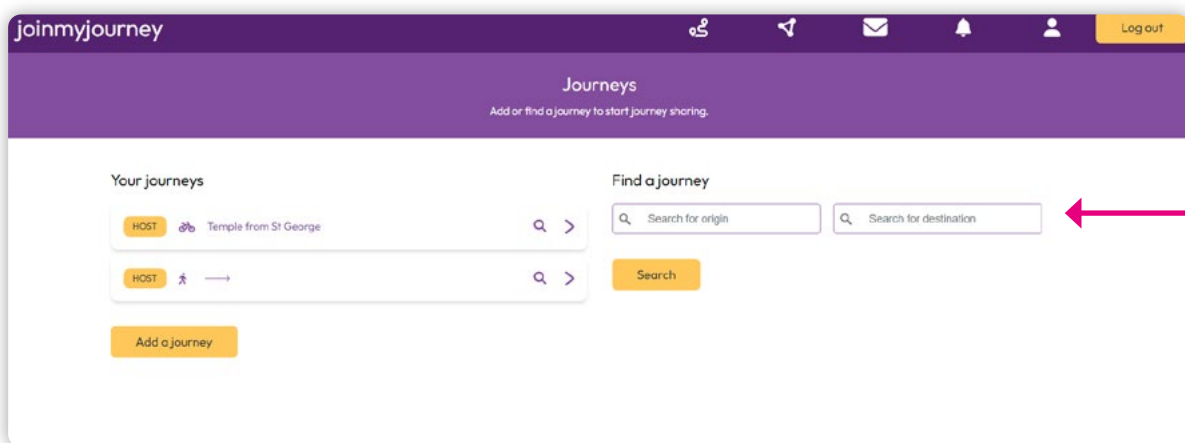

Please provide any extra information about your journey such as your intended travel times and any planned stops en route. Remember to include any journey variations such as half days, one-way journeys, alternating shift patterns, etc.

- Followed by start and end locations.

- Or to find a match insert your point of origin and destination then press search to find a match.

Your journey will then be placed in your journeys section.

You will need to give it time for more people to get registered to start finding matches.

Encourage people in your hub to create journeys so they have more chances to find a match and for someone to find them.

If you do not find a suitable match you can alter your preference on your profile (eg smoking or gender) or alter the search area by clicking on the filter results page below.
